FOREWORD

The Class of 1954 wishes to present, not only an annual, but a Centennial yearbook, as a tribute to the City of Ishpeming and to the ideals which our high school has upheld through the years. We hope it brings as many memories to you as it will to us.

Dedication

With deep appreciation we, the Class of 1954, dedicate our annual to Mr. Claude Farrell for his guidance during the past four years.

We hope that in days to come he will remember us, as we shall remember him.

CLASS SONG

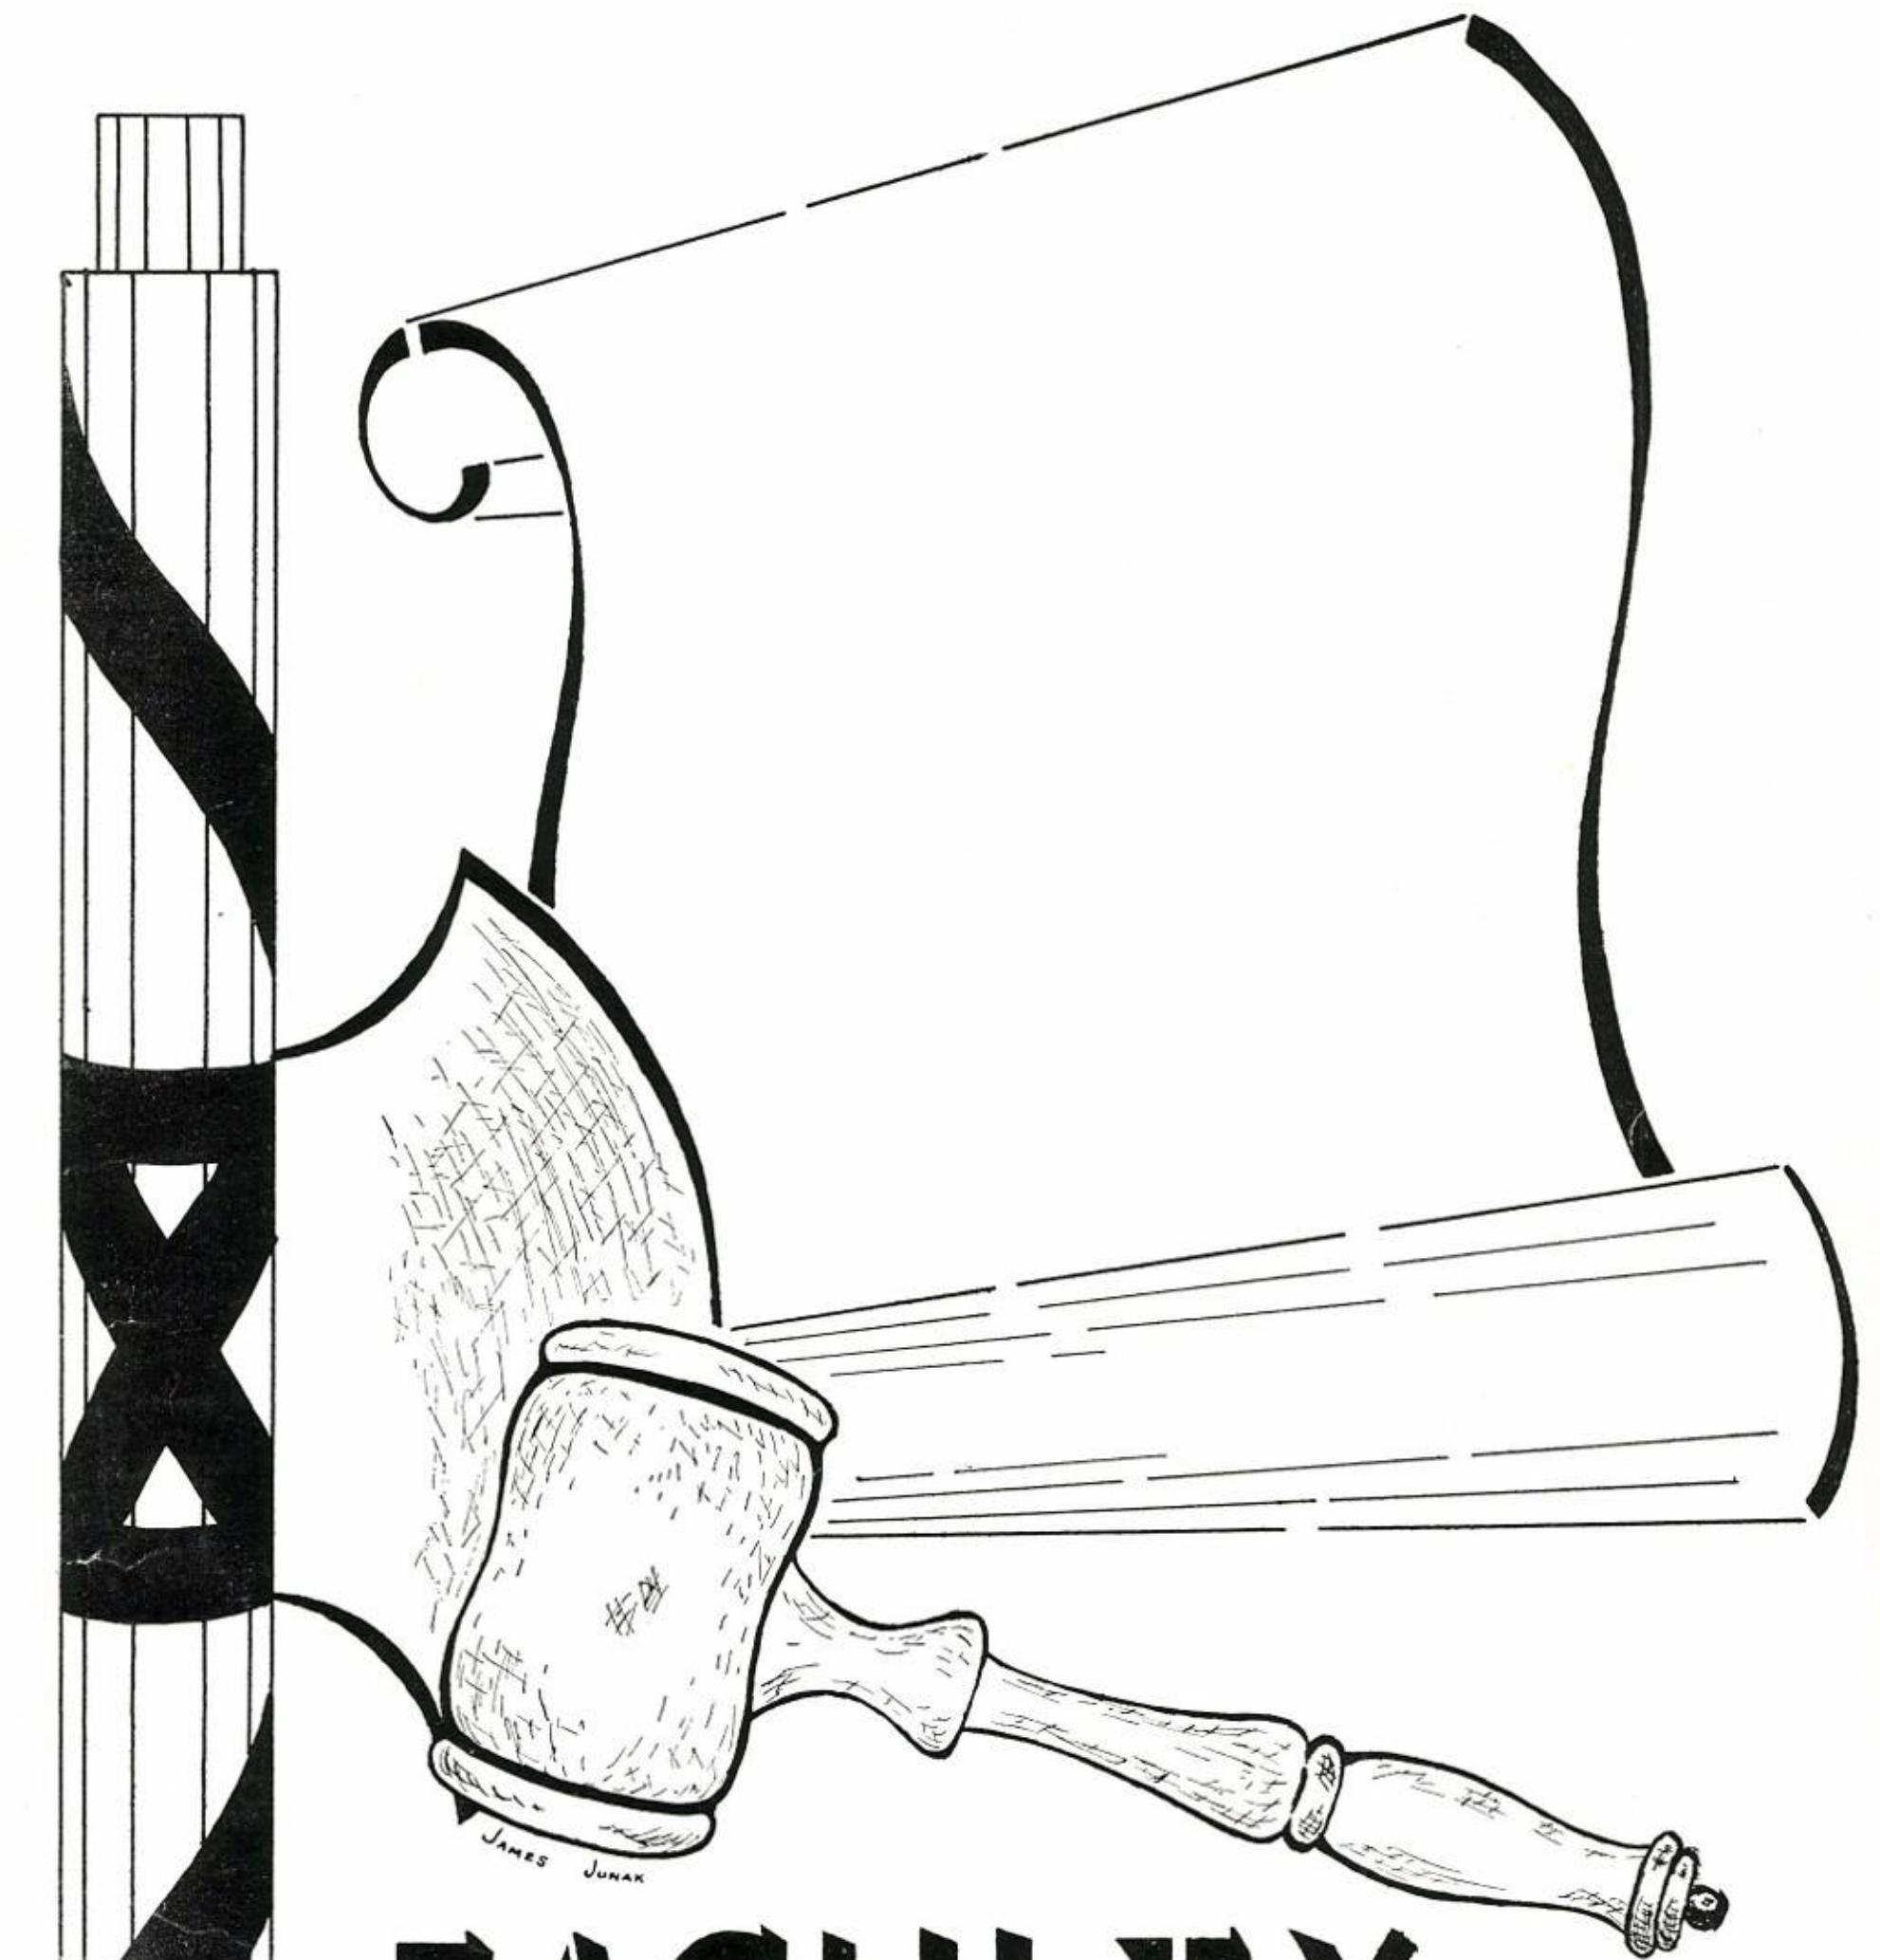

Tonight's the night we've waited for
 so long,
 And now we'd like to say good-bye in
 song.
 We've worked and played as one
 But now the time has come,
 To bid farewell to high school days so
 dear.

We'd like to show our gratitude some
 way,
 Yet we just do not know quite what
 to say,
 But as we leave these halls
 And each goes on his way,
 These memories will live from year
 to year.

VOCAL MUSIC

Among the many diversified extra-curricular activities which have been engaged in throughout the years by the students of the Ishpeming High School are music study groups, choirs, glee clubs,

ensembles, and quartettes.

Early in the history of the school mention is made in various publications, notably the annuals issued each year, concerning the efforts of the

students interested in the art of music. It is most interesting to note that the Ishpeming High School, through its faculty and student body, has understood the cultural value of music in the life of a student and has placed much emphasis upon the

development of this area of student training.

We read of girls' and boys' glee clubs about the year 1903, and from these were later formed mixed choruses and choirs, so that by 1915 the

latter began to appear regularly on various programs produced by the school. Much singing was also done before civic organizations. Bands began to make their appearance, together with orches-

tras, as the students learned the use of the instruments of their choice.

Christmas concerts and Easter cantatas, with an occasional spring concert or May festival, have

been offered the general public regularly since 1931 and the response by the public has been gratifying. These events have now become annual affairs, and large numbers of students have shown an interest in them throughout the years.

During the Centennial Year of 1954 a musical

program was presented by the members of the vocal and instrumental organizations of the school. This presentation depicted the development of the Ishpeming High School and civic music organizations and their activities from the early beginnings to the present time.

ISHPEMING HIGH SCHOOL BAND AND ORCHESTRA

Throughout the year the presence of our band has been felt by those who attended the basketball and football games as well as the pep meetings.

The Christmas Concert was given jointly this year by the band, orchestra, and vocal groups. The highlights of the instrumental groups were the **Christmas Suite** and **Two Sketches for Orchestra**. After this concert, band and orchestra members enjoyed their annual Christmas party at the Winter Sports Club.

A brass quintet, piano duet, and a saxophone solo furnished the music for the intermission of the senior class play.

When March rolled along and the Solo and Ensemble Festival was at hand, there was a surprisingly large group of contestants entered from Ishpeming. The soloists were: Karalyn Sundblad, Marilyn Swanson, Carolyn U'Ren, Norman Andrew, Diane Rowledge, Nancy Dowrick, and Kenneth Ericson. There were also a trombone trio and a brass sextet.

The Mid-Winter Band and Orchestra Concert was highlighted by the band's performance on the concert overture **Normandy** and by the orchestra on **Romberg's Serenade**. For the second consecutive year Kenneth Ericson rendered his services of conducting a light number, **Arranger's Holiday**.

One event to which the band members enthusiastically look forward each year is the Band Festival. This year it was held at Marquette, and the services of some of our players were used in the "massed band."

A short program was given for the entertainment of the teachers attending the Institute, held in Ishpeming this year.

As a conclusion for this gay centennial year, the band, orchestra, and vocal groups again shared in the presentation of the centennial program.

STUDENT COUNCIL

The Student Council, which had always existed to some extent, became an active and functional organization under the guidance of Mr. Ogden E. Johnson in the school year of 1935-36.

The purpose of the Student Council is to provide a democratic school government to promote the best interests and ideals of the school. Also it is to assume the leadership of school activities, to promote school spirit and cooperation among students, between the students and faculty, and between the school and community, and to offer to the administration suggestions that will contribute to the best interests of the school.

Athletics, school parties, assemblies, and speech activities come under its jurisdiction, in as much as they relate to the students.

Activities to be sponsored, other than those already mentioned, are the annual Christmas Mixer, study and revision of the constitution, participation in the Upper Peninsula Citizenship Conference, and assuming the financial obligation of the National Honor Society pins.

The officers of our Student Council this year (1953-54) are: President, Norman Andrew; vice-president, Cecile St. Andre; secretary, Janice Conte; treasurer, Jean Besola. In addition to the officers, the commissioners and assistant commissioners, representatives of the four classes, representatives of all school organizations, and two teacher representatives form the membership of the council. Council meetings are held the first Wednesday of the month.

DEBATE

The hours of work spent on research and the evaluation of arguments paid off handsomely for the Ishpeming debaters this year, for they enjoyed an undefeated season. This was the first year that Ishpeming came through the debate season undefeated, winning all fourteen of its debates; and the third time that its debaters have had the pleasure of adding an Upper Peninsula Championship Trophy to the school's collection of awards.

The reserves were equally successful, winning all the contests they engaged in.

The debate topic for the year raised the question of whether the President should be elected by a direct vote of the people. Those on the regular team who upheld the affirmative were James Berg, first affirmative, and Joan Superko, second affirmative. Those representing the negative point of view were Sally Cherry, first negative, and William Suomi, second negative.

On the reserve squad, those supporting the affirmative were Alan Garrett and Roger

Mattson; those upholding the negative were Dorothy Anderson and Patricia Denn.

In the first debate tournament at Norway, our debaters defeated Sault Ste. Marie, Escanaba, Kingsford, and Norway. Later in a second tournament at Kingsford, Ishpeming extended its string of victories by defeating Gladstone twice, as well as Menominee and Newberry. The reserves defeated Manistique and Baraga during this same tournament.

It was at the final tournament, however, that the U. P. champion debate team was chosen. Ishpeming made a clean sweep of the eliminations, defeating Kingsford, Iron Mountain, Menominee, and Ironwood in a particularly memorable and close debate.

This gave our debate squad the opportunity to enter the semi-finals; and it made the most of it by beating Manistique, the defending champion. The final debate of the season resulted in an Ishpeming victory over Ironwood, thus bringing an appropriate end to a successful year of debating.—James Berg.

THE SERVICE CORPS

"Above and Beyond the Line of Duty"

The Service Corps, which is a voluntary organization, was organized in 1931. This group consists of student librarians, art and biology assistants, athletic events assistants, projector operators, stage hands, slip takers, and ushers. The school greatly appreciates the help of the members of the Service Corps. Since 1946, at the suggestion of Mr. W. C. Peterson, it has become an established custom to honor these willing workers with an annual banquet and program.

Although the students of the Service Corps receive no glory, no school credit, and no pay for their work, they have the personal satisfaction of knowing that they have helped to make their school a better school.

Finally, the students who give of their time and talent "above and beyond the line of duty" are learning to be responsible, public-spirited citizens in that larger school of life—the community.

—Beverly Lawrence

MATTSON HI-Y

The Hi-Y Club, an outgrowth of the Forum Hi-Y, was organized in 1926 by Mr. O. Townsend. Following the pattern established by Mr. Townsend, the advisorship was provided by Mr. Haney, Mr. O. Johnson, Mr. Mattson (deceased), Mr. Mackela, Mr. W. Peterson and Mr. F. Gehlhoff.

The civic purpose as related to the school and community has provided the Hi-Y with the opportunity and responsibility to furnish Christmas trees for the building, the score board in the gym, the flags in the school, and to usher at all functions in the auditorium. The Hi-Y has sponsored the Freshmen Stag and in various years has provided an all school assembly. Of special interest this year was the assembly which had Mrs. Edith Samp-

son, outstanding Negro leader and alternate delegate to the United Nations, as the speaker.

Besides the regular business and recreational meetings the activities included: The annual Christmas party (with Mr. Farrell as Santa), rifle shooting in the armory, selling ice cream bars at basketball games, and visiting local places of industry.

As members of the Hi-Y we try our best to live up to our creed of "Clean Speech, Clean Sportsmanship, Clean Scholarship, and Clean Living."

The present officers are: President, Henry Vogeler; Vice-President, James Ombrello; Secretary, Kenneth Ericson; Treasurer, Peter Archibald; Adviser, Mr. Fred Gehlhoff.

COMMERCIAL CLUB

The Commercial Club was organized in 1930 to acquaint students with the requirements of our local business establishments and to better prepare the students for future employment. The club has always encouraged high standards of scholarship among its membership and active participation by all. Since its beginning the members of this club have visited numerous industries, and many businessmen have addressed the group.

The club is composed of juniors and seniors who are enrolled in commercial subjects. This year there are eighty-five members.

Officers for the year are:

President—Charles Sanders

Vice-President—Judith Lindfors

Secretary—Lois DeCaire

Treasurer—Dennis Beltrame

Student Council Representatives—Elaine Dompierre, Paul Gustafson.

This year we were fortunate to have the opportunity of visiting the Michigan Bell Telephone Company, where the supervisors explained the work of the departments. Later in the year, we viewed an interesting and inspiring movie on the life of Alexander Graham Bell.

COMMERCIAL CLUB

The theme of the February meeting was "Keeping Fit on the Job." Both mental and physical health were stressed by various talks, and skits were given to illustrate the important phases in the make-up of a healthy and happy individual.

Of special interest was the March meeting when we were privileged to have as our guest speaker Mr. Walter Chojnowski, Coordinator of Business Education at Northern Michigan College. He addressed the club on the topic, "It's Your Future."

An added attraction of the March activities was a special meeting sponsored by the

Michigan Bell Telephone Company. Miss Pauline Peterson spoke to the group on the subject, "Your Voice Is You."

"Our Chances of Success" was the theme of the April meeting. A play was given and a panel discussion was held to bring out the positive traits found in successful individuals.

The juniors had charge of the last meeting which was held in honor of the seniors. At this time the out-going members were awarded merit certificates for their participation in the activities of the club.

ALLIED YOUTH

Allied Youth Post Number 529 was organized in the spring of 1951. From 40 members, it has increased to 180. Its aim is "to seek the truth concerning beverage alcohol and the best way of life in relations to this problem."

Each year the A. Y. has a national convention at

Buck Hill Falls, Pa. We earned money by selling bars at basketball games, having a bake sale, and selling ski buttons to help send Julie Voelker and Miss Haney to the convention. At the following meeting they gave reports on their trip. Both were very much impressed with the convention and the speakers.

This year, the members bought A. Y. emblems in red and white, the national colors. These emblems distinguish the wearer as belonging to an organization of young people with high ideals.

The officers are: President, Julie Voelker; vice-president, Kenneth Ericson; secretary, Junia Ollila;

and treasurer, Margaret Manzoline.

Each month the members receive "The Allied Youth" magazine in their homes. It contains interesting stories, articles about people, and important facts concerning alcohol which are of interest to the entire family.

ART

Many services are performed for our school and community in the art department. The students do odd jobs about the school such as making posters and signs for class parties, for the Upper Peninsula Potato Growers Association, the American Legion Auxiliary and other organizations. This year the art students made a large sign to put on the roof of the Miners' Bank for the Francis A. Bell Memorial Hospital Fund Drive.

The study of art during the first year consists of learning the fundamentals of color, design, lettering, advertising, figure, sculp-

ture, architecture and painting. Advanced art students practice with various techniques and media. Our art room is very well equipped with a variety of art supplies.

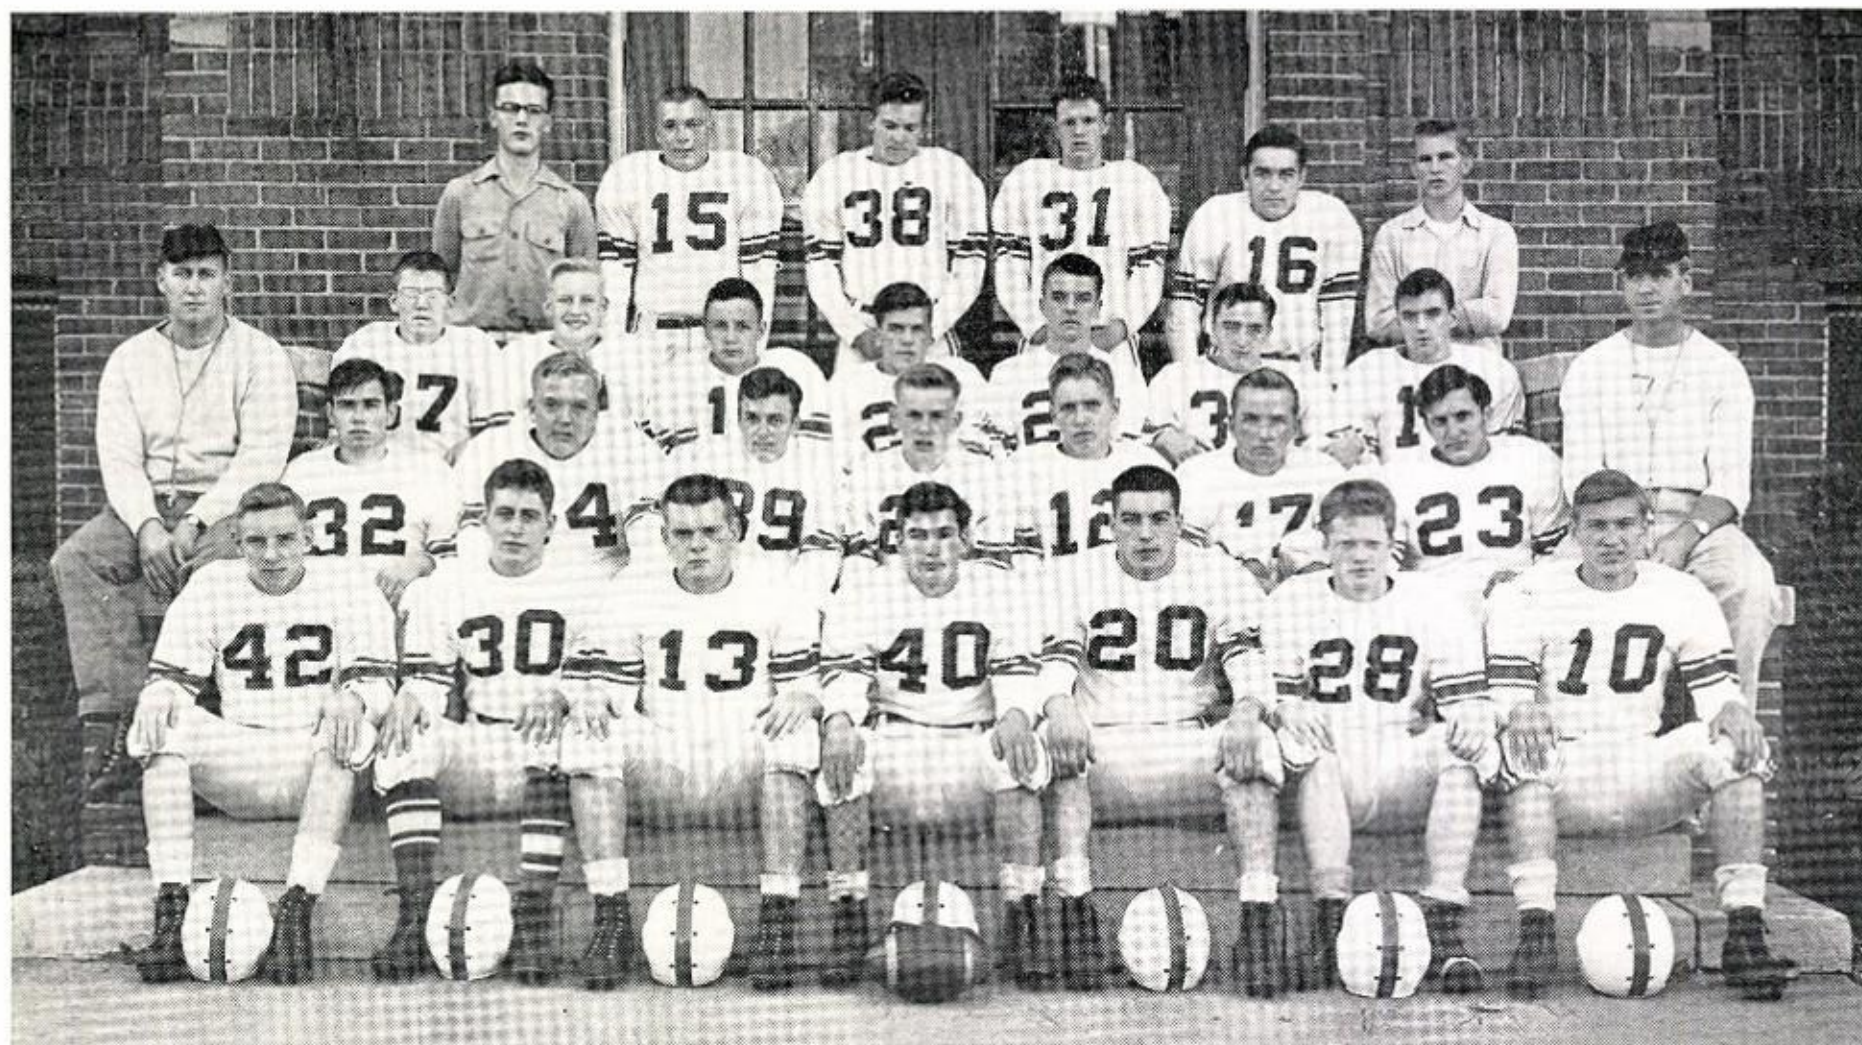

Our purpose is to develop an appreciation of art through the study of the various art principles and through a knowledge of outstanding artists and their work.

Under the excellent supervision of Mrs. Ostlund the students transform the materials they have to work with into objects of beauty.

—Lillian Uuro.

FOOTBALL

Ishpeming 0, Marquette 33

After a two-game delay because of polio, the Hematites gridders opened their season at home against Marquette. The Redmen came to Ishpeming with victory in mind and found little opposition in taking the Hematites by a big score.

Ishpeming 0, Negaunee 20

In the second game the Hematites clashed with their twin-city rivals, the Negaunee Miners. The Miners, seeking revenge for the previous year's defeat, played heads-up ball and handed the Hematites a trimming.

Ishpeming 0, Calumet 21

The next game was at home with the Calumet Copper Kings led by Fred Barry. After a good first half the Hematites bogged down and Calumet scored two touchdowns, to add to one in the first half, for a victory.

Ishpeming 7, Gladstone 20

After three shutouts, Ishpeming traveled to Gladstone for another Great Lakes Conference tilt. The team played its best game of the season thus far and held the Braves to a

7-7 halftime score. However, Gladstone came back strong in the second half and tallied for two more touchdowns, making the score 20-7. James Ombrello, changed from end to full-back for the game, scored Ishpeming's lone touchdown.

Ishpeming 6, Stambaugh 45

The Hematites next game was at Stambaugh, a real powerhouse in the U. P. The Hematites showed a little aggressiveness at times but were rolled over by a 45 to 6 score. The lone Ishpeming score came on a plunge by Ombrello after a beautiful pass play from Zhulkie to Clark.

Ishpeming 6, Iron Mountain 19

The Iron Mountain contest opened a little different from some of the other games. The Hematites took the ball in the opening period and moved down the field to a touchdown on a Zhulkie to Palomaki pass. The Mountaineers in turn did the same and the score was tied. From that point on it was Iron Mountain who did the scoring and the game ended with the score, Iron Mountain 19, Ishpeming 6. Henry Vogeler played an exceptionally good defensive game, making a majority of the tackles.

Ishpeming 14, Manistique 14

With heavy odds against them and a freezing, driving rain, the Hematites met the Manistique Emeralds at home. After battling to a 0-0 halftime tie, Ishpeming took advantage of two Manistique fumbles and turned them into touchdowns. The first was due to the quick thinking of Sophomore Tim Zhulkie, who picked up one of the fumbles and raced forty yards to the goal. However, the Emeralds didn't have ideas about being beaten, and they really started to roll in the last quarter. By battering over for two touchdowns, one in the last seconds of the game, they managed to eke out a 14-14 tie.

Ishpeming 13, Soo 21

After practicing a week in snow and cold, the Hematites, still hoping for a win, played

the Soo Blue Devils at home. At the end of a see-saw first half the Blue Devils led by a 7-0 margin. The second half started quickly with Zhulkie scoring on a 65-yard pass play on the first down. Martin Comensoli kicked the extra point. The strong Soo eleven scored twice more, however, to the Hematites once to end the game with a 21-13 decision. James Ombrello scored the Hematites second touchdown on a pass interception. Ombrello and Vogeler were elected Co-Captains for the game and for the season.

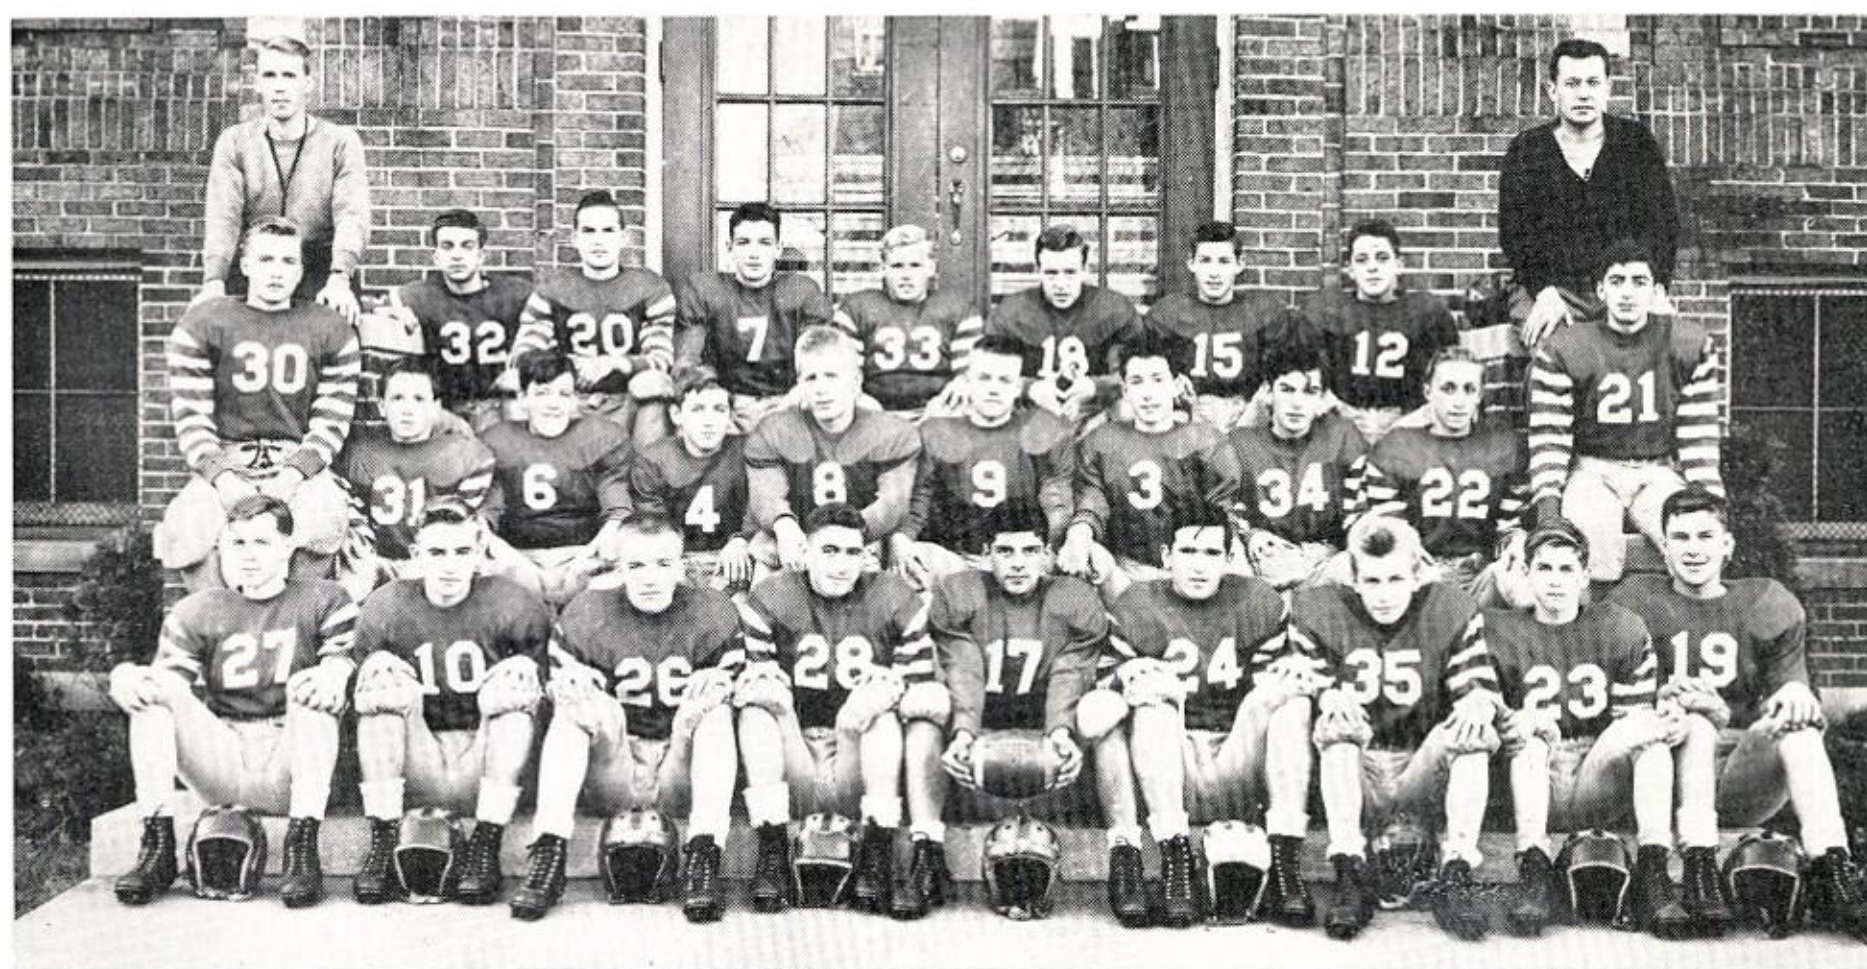

Graduating Seniors Are:

Bruce Mitchell, Wayne Magnuson, Roger Gaboury, Peter Archibald, Francis Lundin, Stanley Roberts, Roger Pohlman, Albert Goodney, Martin Comensoli, James Jensen, Co-Captains Henry Vogeler and James Ombrello.

VARSITY BASKETBALL

Ishpeming 56, Stambaugh 47

The Blue and White started off the season on the right foot by out-classing and out-fighting a favored veteran Stambaugh quintet on the Hematites' home court.

Ishpeming 41, Iron Mountain 46

Hoping to make it No. 2 for the season, Ishpeming traveled to Iron Mountain. The Mountaineers were a determined squad and defeated Ishpeming in a closely fought game.

Ishpeming 48, Munising 57

Meeting a better than average Mustang team, the Hematites suffered their second loss in a row and second for the season. It was Ishpeming's first Great Lakes Conference tilt.

Ishpeming 55, Calumet 45

Ishpeming got back on the winning track to

make their record 2-2 for the season by stalling off a late Calumet rally on the Copper Kings' home court. Bess hit his peak for the season in this game when he collected 35 points.

Ishpeming 50, Escanaba 41

The Escanaba Eskymos invaded the I. H. S. gym and for two periods held the reins, but then collapsed and allowed the Hematites to win by a 9-point margin.

Ishpeming 35, Negaunee 33

Paced by "Pard" Bess with 19 out of 35 points, the "Watsonites" made the No. 1 upset of the year by defeating an over-confident Negaunee quintet on the Hematites' home floor. Negaunee came to Ishpeming highly-favored to win because of their 6-game winning streak but were out-fought and out-played and were forced to bow to the Blue and White.

Ishpeming 37, Marquette 48

Hoping to make it four in a row, the Hematites traveled to Marquette but were dumped for their third loss of the season. A total of 64 fouls was called in the game.

Ishpeming 57, Newberry 59

Ishpeming started off strong and held the lead for three periods but weakened in the fourth quarter and were shaded by Coach Parker's Indians by a 2-point margin.

Ishpeming 42, Escanaba 60

The Hematites journeyed to Escanaba with-

out Garceau and Frustaglio in the line-up and were soundly trounced by an avenging Eskymo "5" which had lost to Ishpeming earlier in the season.

Ishpeming 60, Soo 48

Garceau returned to the line-up and added the extra punch that the Hematites needed to overcome a stubborn Lock City team.

Ishpeming 60, Gladstone 55

The Hematites made it 6-5 at Gladstone by edging a rangy Brave team. "Pard" Bess racked up 30 points to take high scoring honors for the night.

Ishpeming 43, Marquette 45

Playing a highly-favored Redmen squad on even terms for most of the game the Hematites were finally forced to bow by a close 2-point margin. The game was a hard-fought battle with Bess again starring for the Blue and White with 24 points.

Ishpeming 54, Hancock 48

After getting off to a slow start Ishpeming began rolling and defeated Hancock by 6 points on the Bulldogs' home court. Bess captured scoring honors with 29.

Ishpeming 34, Soo 44

Ishpeming suffered its fifth Great Lakes Conference loss of the year at the hands of the Soo Blue Devils on the Soo court. This made Ishpeming's record 7-7 for the season.

Ishpeming 41, Negaunee 48

Holding the lead over a strong, determined Miner team for three periods, the Hematites finally fell, and Negaunee rallied to win the game. "Pard" Bess was again a big factor in Ishpeming's near-triumph when he collected a total of 28.

Ishpeming 40, Ironwood 44

Hoping to end the season with an 8-8 record, the Watson "5" took on Ironwood, a team that stubbornly refused to yield a victory. The Red Devils edged Ishpeming in a last quarter surge.

DISTRICT TOURNAMENT

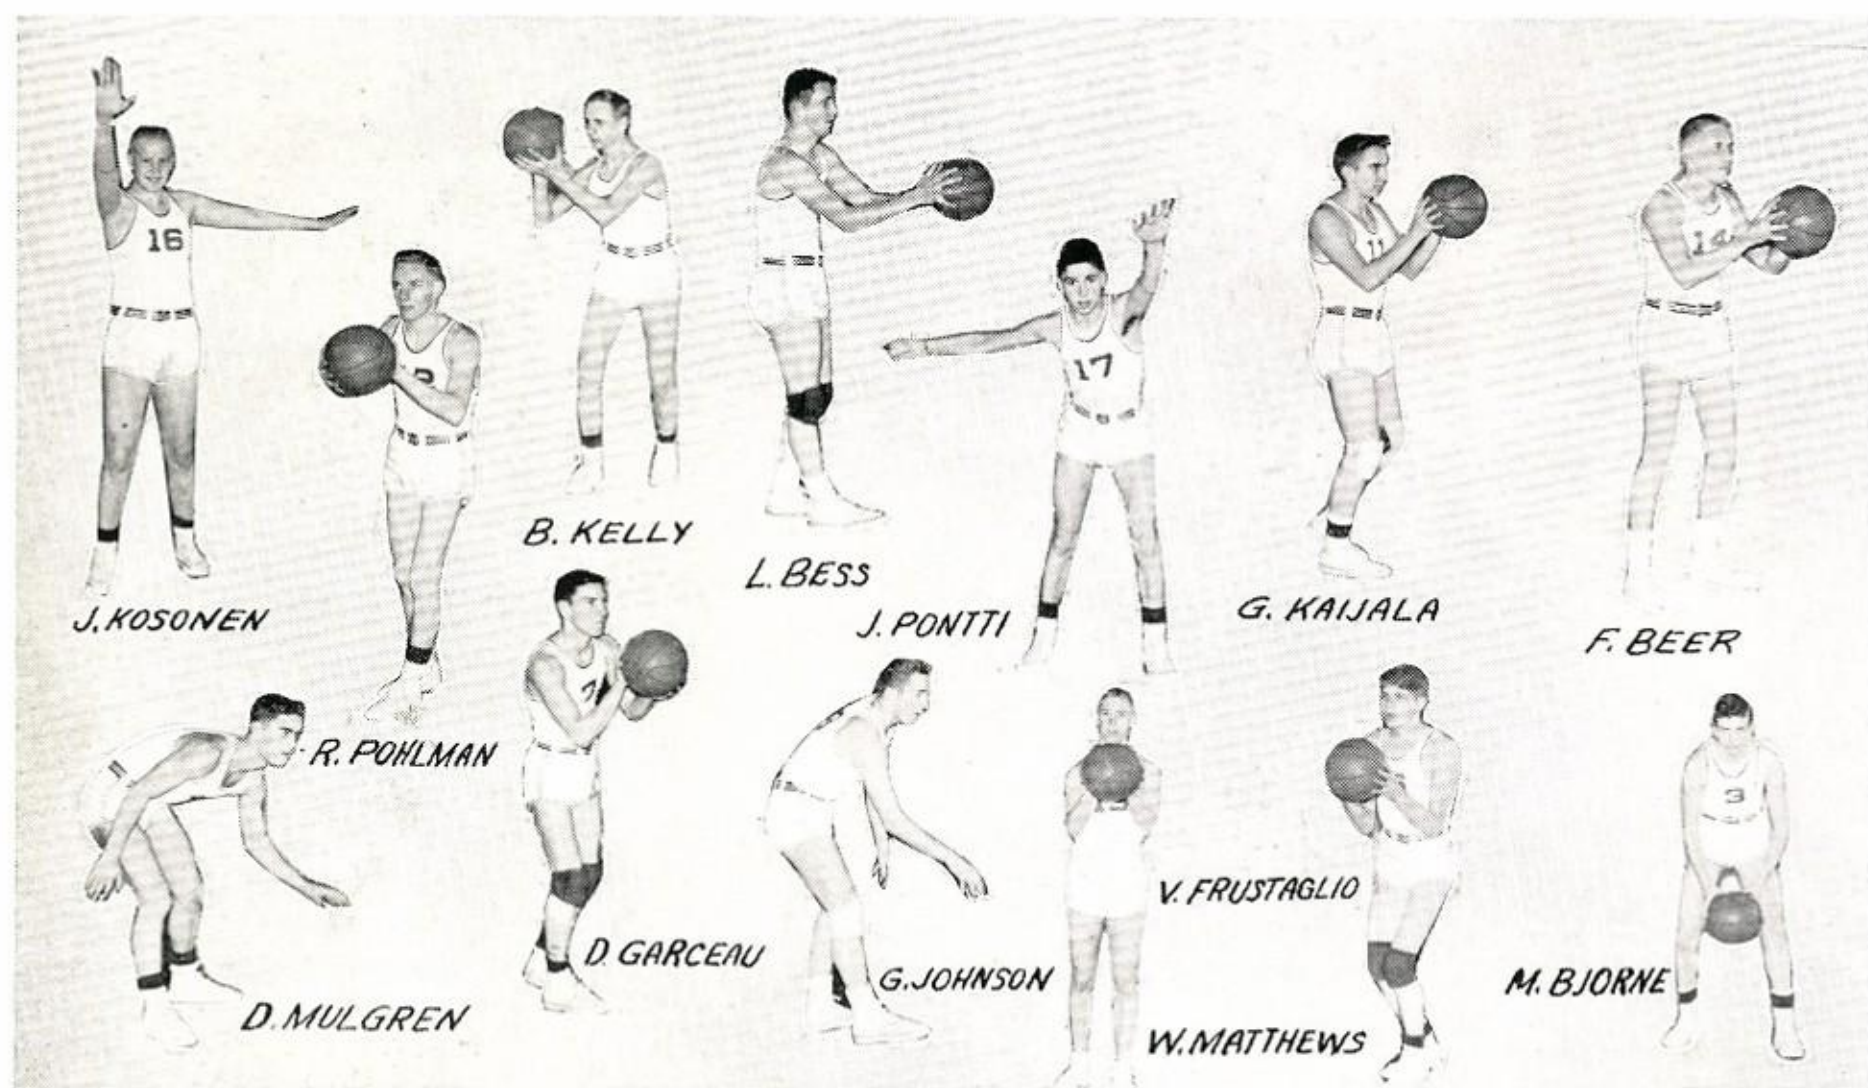

Ishpeming 46, Marquette 57

The Blue and White drew Marquette for their first tournament contest, but without the services of their ace pivot man, Loren Bess, the Hematites were no match for the Redmen and lost by a count of 57 to 46. Garceau had 17 points and "Chick" Johnson collected 13 for the losers.

VARSITY BASKETBALL

The 1953-54 season of the Ishpeming Hematite basketball team compiled a record of 7 wins and 9 losses. Loren Bess collected a total of 367 points for the season, a fine 22.93 per game average. The team consisted of 8 seniors, 5 juniors and 1 sophomore.

CROSS-COUNTRY

Ishpeming entered the Cross-Country for the third consecutive year in 1953. The team fared much better than during the past two years, tying for the Great Lakes Conference Championship and placing third in the U. P. Finals.

The team, coached by Mr. Hammar, ran its first meet on the Ishpeming course on October 3. This was the Conference meet in which Ishpeming tied with Soo for the championship with thirty-eight points. They were

followed in standings by Munising and Marquette.

On the following Saturday the team went to Iron Mountain to compete in the U. P. Finals. Seven teams entered this meet. Menominee won with forty-four points, followed by Soo with forty-five. Ishpeming claimed a close third with forty-nine. Placing in the medalist group for Ishpeming were Thompson, fourth; Beer, sixth; Andrew, seventh, and Pontti, ninth.—W. Kokkila.

TRACK

The 1953 track season was again delayed because of a late spring. However, the Hematites under Coach Jesse Vail got off to a good start by beating the Negaunee Thinclads, 67-42, in their first dual meet. Two days

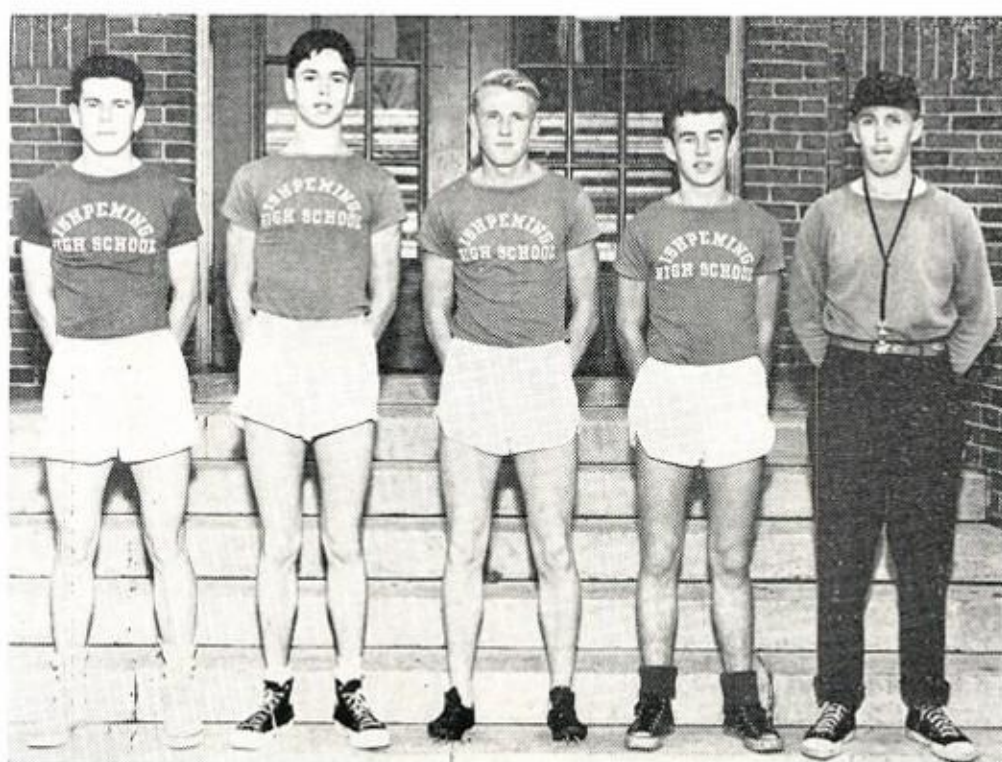

later the Marquette Redmen handed Ishpeming a defeat by almost the same margin, 69-40.

For their third meet of the first week the Hematites traveled to Manistique to compete

BASEBALL

A late spring again hampered the Hematites' practice, but the team worked hard under Mr. Hammar, their new coach, and ended the season with a 3-2 record. This was a decided improvement over last year.

The Hematites opened their season at Escanaba. Ishpeming went with Bob Sharland and the Eskymos countered with Fred Boddy who subdued the Hematites four to one.

The team then traveled to Marquette where George Ostlund turned in a remarkable one-hitter to defeat the Redmen five to one.

The next game was at home with Negaunee, and Sharland added another game to the win column for Ishpeming with a twelve-inning, 4-3 victory.

In a return engagement, Escanaba came to Ishpeming, and Boddy again turned the trick. The Hematites started with Ostlund who was relieved by Sharland. The final score was eight to two with Escanaba on the long end.

The next game was played in Ishpeming with the St. Paul Emeralds. In a wide open game the Hematites defeated St. Paul by a score of ten to nothing to give Ostlund his second win and complete the season.

Those leaving the team through graduation are Bob Sharland, Jack Bietila, John Coady, John Corneliuson and Don Kangas.

in the annual Great Lakes Conference Meet. The powerful Soo Blue Devils took first place, with Ishpeming in fourth, one point behind Marquette.

Ishpeming's second dual meet with Marquette proved to be much closer than the

first. However, the Hematites were on the short end of a 58½-50½ score. Doing well in the relays and distance runs, Ishpeming came back to defeat Munising 60 1/3-48 2/3. Marquette won the annual Marquette County Meet with a score of 59, followed by Ishpem-

SENIOR CLASS PLAY

The Seniors, under the direction of Mr. Renz, presented their class play on November 20, 1953. The play, **In Old Virginny**, was a three-act romantic drama that dealt mostly with the romantic entanglements brought about by the Civil War. Betty Merrill appears as a refined woman about the age of 60, who is making a drastic change in her life by disposing of the aristocratic Southern mansion which has been in her family for years. She will be freed of any family ties after the marriage of her niece, Virginia, to a young man from the North. When Virginia's fiance reveals that Betty's former lover is his father, Betty immediately retracts her consent to the marriage, telling Virginia that she could not let her niece marry the son of so heartless and dishonorable a man.

Act II is a flashback to the time when Betty is 18 and in love with a Northerner by the name of Hollis Forrester. Betty's father, however, has a burning hatred for all Yankees, being embittered by the devastation left in the South by the Civil

War. When Mr. Forrester leaves the South to go West to make his fortune, Betty vows she will wait for him. However, she receives no word from her Yankee lover for weeks, being unaware of the fact that her father has been intercepting the letters. The climactic point is reached when Betty refuses to marry Virgil, the man of her father's choice.

Act III again reverts to the present. Betty's furniture and home are being auctioned, and she consents to selling everything to an unidentified buyer, who is desirous, not only of the home, but also of its contents. In searching through a desk, Chloe, the colored mammy, discovers an unopened letter which Hollis had written to Betty from the West. Betty realizes now why she had received no letters and why her father asked her forgiveness. The way for Virginia's marriage is cleared. Finally, to make for a perfect ending, the unidentified buyer of the home is none other than Mr. Hollis Forrester.

HISTORY - STATISTICS

In this age of cold war and global conflict we should pause now and then to examine our blessings. We often hear it said that we live in the greatest nation in the world and the reason for this is that America is a land of opportunity. Anyone who will work for his goal can attain it. Our government provides for at least 13 years of education. If we compare our graduating class of 121 members with our enrollment in 1941, when most of us began our education, we find that 139 entered the kindergarten in the public schools. Probably a better comparison could be made with our freshman enrollment, which was 168. This means that 47 members of our class have either dropped out of school or moved to other towns.

We have descended from the Finnish, English, Swedish, French, Italian, Norwegian, German, Irish, Scotch, Dutch, Danish, Czech,

Swiss, and Austrian, in that order. The parents of 47 seniors are of the same nationality. Thirty of our parents were born in foreign lands.

More than half of us claim a knowledge of at least one language other than English, and 7 different languages are spoken in the homes with Finnish far in the lead.

Our mothers have had slightly more formal education than our fathers. While 45 mothers have graduated from high school, only 39 fathers are high school graduates. Twelve mothers have college diplomas as compared to 11 fathers.

Our homes have been affected by the death of 5 mothers and 14 fathers, and by 3 divorces and 1 separation. This year employment has taken fewer of the mothers away from the

home than for several years, 21 working full time, and only 4 part time. The number of fathers engaged in various phases of the mining industry remains constant, 59, or exactly one-half. Don't reach for that pencil and paper! Of course 59 is not one-half of the number of graduates—121, but 3 families have 2 representatives in our class.

But our mothers and fathers are not the only ones who are employed—70 seniors, or 58%, the most since 1945, work part time. Our wages range from 25c to \$3.00 an hour and our average—the same as last year—is 70c per hour. Almost all of us also help with our daily chores at home.

Our primitive urge for some form of locomotion has grown from scooters and coaster wagons until we now own 74 bicycles, 15 cars, a jeep, and 5 motorboats. We see with some concern that only 70% of our parents own their own homes, the smallest percentage in the past 7 years. In these homes are an average of a little less than 3 radios for each home, and 10 families have television sets. We also number among family possessions a total of 45 camps. The number of families who own cars is 113, or 96%, the highest ever. We probably won't be dependent upon Social Security with our 49 savings accounts and 31 Christmas Clubs, as well as our insurance. Nine-tenths of us are covered by policies, as compared with $\frac{3}{4}$ of the class fifteen years ago.

No one wants to put a good cargo in a poor boat, and our educators feel that we should not only be sound in mind but also sound in body. Therefore a certain amount of physical education is required of us. However, 4 girls and 1 boy were unable to take part in floor work for various reasons, and 5 girls and 4 boys were excused from pool. Our tallest boy looks down from the great height of 6 feet 3 inches upon our class midget who is 5 feet 1 inch. It would take 2 and three-tenths of our lightest girl to balance the scale against the class heavyweight who weighs 230 pounds. We are concerned to note that 46 seniors, or more than $\frac{3}{8}$ of us wear glasses, compared to only $\frac{1}{5}$ twenty years ago; but we are proud to find that 6 boys in our class have perfect sets of teeth.

Of course our interests and educational goals have been varied. We note that 33 members of our class have studied under the Science Course, and 23 have specialized in History and

Social Science. Twenty-six have been enrolled in the Manual Arts Course, 6 will receive their diplomas in Home Economics, 24 have met the requirements of the Commercial Course, and 9 seniors will graduate from the General Course.

We in America believe that a person should lead a four-square life. By this we mean that a person should be fully developed mentally, physically, socially, and spiritually. Our schools try to aid this development by offering activities outside the classroom.

Nine seniors have studied instrumental music and 68 of us have been in vocal groups. Thirty-one participated in the Speech Club while it was in existence, and 54 seniors have joined the Commercial club. We have placed 22 school servants on the Student Council and 34 in the Service Corps. Twenty-one seniors have belonged to the Hi-Y. Twenty-two members of this year's class have spoken in a high school forensic contest. We number among our classmates 19 football and 11 basketball players. Fourteen seniors have gone out for track, 4 for baseball, and 3 for golf.

In all, 32 boys have competed in interscholastic sports. Our school offered a new academic subject this year, Home and Family Living, and 33 seniors have been enrolled in it. The school also promotes our social life by sponsoring various school parties; however, we find that 13 of us have not even bothered to take advantage of them.

Sixteen of us have gotten on-the-job experience of immeasurable value in the Cooperative Training Program. The yearbooks in the past 4 years have been published with the aid of 43 members of our class. Allied Youth has been a growing organization and has included 45 seniors. Of our 86 licensed drivers, 44, or more than half, got their permits through the high-school driver training course.

We are fortunate to live in a land where we have time to spend on leisure. Nine out of every 10 of us belong to at least one club or organization out of school, with most of these being church groups. At this point it should be noted that $\frac{3}{4}$ of us attend church with some regularity.

We go out, on an average, 4 evenings a week, and movies still seem to occupy most of these nights. Twenty of us go out every night of the week. We are not nighthawks like last year's class as only 17% of us are in this group, com-

pared to 32% of them. We spend \$15,775 a year on recreation. Our class spendthrift raises our average to just barely an all-time high of exactly \$2.50 a week with his weekly expenditure of \$15.00.

Hobbies occupy the spare hours of 38% of our class. With the human urge for material things, we collect fish, plants, stamps, glass animals, dolls, and pictures. Other seniors are interested in music and photography, and we have one ham radio operator. Twenty-six per cent of us can play the piano. Among our varied interests we also discover movies, dancing, radio, reading, and camping in that order. Besides our school sports, we are fortunate in being able to take part in many winter activities, and 57 of us use the winter sports area. After the interests already mentioned, in close order come skating, skiing, and tobogganing. Two have ridden Suicide Hill, and 18 the landing.

If "experience is the best teacher," many of us are already much the wiser. Slightly more than half of us have had clerking experience and 53 seniors, including 12 girls, have delivered papers. One out of every two has had the opportunity to speak from our auditorium stage and a new high, 52, have gone on the ether waves via WJPD. More than the usual share of accidents seem to have befallen us; one-eighth of the graduating class have been in car accidents, four have been thrown from horses, one girl being included in both groups.

We seem to have a very poor grade of hunters; five have been lost in the woods and 2 have been involved in hunting accidents. One-tenth of the class have suffered with broken bones. One boy distinguished himself by saving a life. Our class also claims an Ishpeming Winter Queen.

We have heard the expression that travel broadens. This year's graduates rank about average in this respect. Fifty-three of us have been out of the United States, while 5 have never ventured out of the Upper Peninsula, and 6 others have yet to cross state lines. The railroad seems to be going out of vogue, as fully 16 seniors have never ridden in a train. In contrast 24 have taken air trips of varied lengths, one girl having ridden a plane back and forth to South America.

Looking to the future we see that very nearly half of us plan to continue our formal education in college and nursing school, and others have decided on a definite profession. Seventeen of our classmates want to enlist in the armed forces. Upon closer examination we find in our class future teachers, businessmen, office workers, and nurses, ranking in the order named, and of course many other occupations.

Now that we have examined our blessings in this land of opportunity, many of us wish we had taken full advantage of these opportunities, and it should be the goal of all of us to do so in the future.—William Suomi.

TIME: Present.

CAST: Jean Besola, Rita DeRoche, Nancy Gothe, Joan Maddern, Suzanne Stansbury, Julie Voelker.

INTRODUCTION

(The six bearers come in slowly, carrying the Class of '54 which has finished its life in the Ishpeming High School. They set down the box, take off their hats, and sing to the tune of Chopin's Funeral March):

"We are the bearers of the Class of '54.
This phase of life is closed forever-
more.

The box holds the gifts as a token of
reward,

To help them in the future they are
looking toward.

Now as the cold, cruel world they
must meet,

You'll find that these gifts are hard
to beat."

(One of the bearers breaks the perfectly straight face, smiles, leans toward the audience and says, "This will slay you." She immediately drops back into place, the box is opened, and the gifts are distributed).

James Alderton, business manager, can use these scales to balance his books.

This dragnet will enable Norman Andrew, detective, to catch the facts.

For Peter Archibald, lawyer, this briefcase so he will never be without a case.

To Nancy Bacon, stenographer, we give a stretcher for her shorthand.

To Frank Beer, mining engineer, this (small level) so he will always be on the right level.

Dennis Beltrame, business manager, can use this horn to make his profits sound.

For Jean Besola, future movie actress, a chair, so she won't always have to be a stand-in.

This knife will enable Marilyn Billings, housewife, to cut down on expenses.

For Barbara Bye, clerk, a magnifying glass to enlarge her sales.

Shirley Bye, nurse, can use this sledge hammer when anesthetics fail.

A rubber band will help Allan Chapman, Olympic skier, to stretch for distance.

For Patricia Collins, teacher, this pin to make sure the students get the point.

For Martino Comensoli, proprietor of a meat market, a cleaver so he can always get ahead.

To Thomas Corkin, sailor, this life jacket to protect him from the waves.

To Lois DeCaire, teacher, we give this whistle so she can blow off steam.

This pencil will help Rita DeRoche, promising novelist, to draw her conclusions.

For Robert Dobson, flyer, this hanger so he will always have a place to put his plane.

To Elaine Dompierre, typist, a carriage (baby buggy) in case the one on her typewriter sticks.

Ralph Doto, chemical engineer, can use this axe to split the atom.

To Robert Dowrick, bookkeeper, a comb in case his accounts get tangled up.

For Elizabeth Dunstan, housewife, this rolling pin to get that home touch in her baking.

To Kenneth Ericson, musician, bicarbonate of soda to eliminate any sour notes.

To Jeanne Fernea, receptionist, a whisk broom to give unwanted callers the brush off.

Pauline Fredette, singer, can use some liniment if she gets a little hoarse.

To Vito Frustaglio, carpenter, a horse for his ranch-style houses.

For Roger Gaboury, dentist, a pair of false teeth to put the bite on patients.

Wings for David Garceau, air cadet, in case his motor conks out.

To Albert Goodney, forest ranger, a sprinkler to help put out the fires.

To Nancy Gothe, nurse, this bottle of Joy for her despondent patients.

To Paul Gustafson, retail businessman, plaster to plug up the holes when prices go through the ceiling.

Eldred Harris, jeweler, can use "Brillo" to prove that all that glitters is not gold.

To Betty Hatch, stenographer, a razor blade to cut down her errors when she finds that haste makes waste.

To Marilys Hebert, fashion designer, a watch to keep up with the times.

For Sharon Heikkinen, beauty operator, gloves to keep her hands warm when she gives a cold wave.

To Donald Hooper, lawyer, a gun to keep him firing questions.

Audrey Jarvela, telephone operator, may need this lock and key to keep that number private.

To James Jensen, architect, this bubble gum for blowing castles in the air.

To Judith Jensen, elementary teacher, a hammer to crack down on those lazy students.

For Helen Johns, teacher, these eyes to help her see through her pupils.

To Jean Johns, bookkeeper, a ladder, to get her out of the hole.

For Gerald Johnson, electrical engineer, an orange, to assure him a supply of juice.

To Grace Johnson, waitress, rubber gloves, to keep her thumb out of the soup.

This yardstick to Gerald Junak, office manager, so that he can measure his success.

A compass will keep James Junak, artist, on the straight and narrow path while studying in Paris.

To Ronald Kallatsa, grocer, floor wax, to keep the customers dropping in.

Shelby Karno, factory worker, can use these currents (currants) to keep her machine running.

To receptionist, Carol Jean Kemp, dates, so she will always have one for the customers.

To Marjorie Kjellman, airline hostess, a handkerchief, to put in an air pocket.

We give an anchor to Sally Knight, WAVE, so she will never be washed up.

A pitch pipe for Walfred Kokkila, mechanical engineer, to keep his motors humming.

To Nancy Kuisti, homemaker, a flashlight, to lighten her household chores.

This harmonica, to housewife, Jeanette Laitinen, to keep her home life harmonious.

Television actress, Joan Larmour, can use a leash to lead the show.

A skeleton key for Dorothy Larson, typist, so she can throw away the other forty-eight.

To Roger Lawry, civil engineer, a hand sickle, to cut his way through on the first road to Yucatan.

For James Lehto, flyer, sandpaper, to smooth out the rough trips.

This jack for Mary Jean Leinonen, physical therapist, to raise her patients after rubbing them down.

For William Levi, auto mechanic, a doorbell, to put in his motor so it won't knock.

To Kenneth Lindquist, business man, this (sail boat) so he will always be sure of a sale.

To Francis C. Lundin, economics teacher, this triangle to remind him that his opinions should not be one-sided.

For Francis J. Lundin, sailor, this address book so he can look up that girl in every port.

For airline hostess, Ruth Lyyski, a magnet, so she will always be attractive.

This shovel to Joan Maddern, newspaper reporter, so she can always get the biggest scoops.

To Wayne Magnuson, doctor, this road map to guide his patients on the road to recovery.

To Marjorie Mankee, private secretary, this weight so she will be sure of holding down her job.

This log to Gerald Millimaki, worker on the ore boats, so he will have a ship's log to write in.

To Bruce Mitchell, chemical engineer, an atomizer, that he might always have a supply of atoms.

A will for Dean Mulgren, civil engineer, because where there's a will, there's a way.

To John Mullins, gas station owner, this stopper (cork) so his Ethyl will never run out on him.

To Rose Nardi, hairdresser, a rabbit for a customer in need of a little hair (hare).

This iron for Mary Nelson, housewife, so she can iron out any problems that might arise.

To Brian Niemi, Major in the Air Force, a broom so he can sweep the girls off their feet when he gets a pass.

An anchor to William Niemi, sailor, so he won't be carried away by a WAVE.

To Leslie Nirva, tool and die maker, a reel (fishing reel) to use for casting the die.

For Karen Oie, nurse, some starch to perk up a limp patient.

To Junia Ollila, home economics teacher, staples, so she will have a supply on hand for her cooking class.

To James Ombrello, mechanical engineer, a compass so he will always be able to make ends meet.

This gun to George Ostlund, pilot in the Air Force, so he can get back at those shooting stars.

To Mary Paju, Congressional secretary, a fan to cool her off when the debates get too heated.

To Ellen Palomaki, children's nurse, an emery board to smooth out the little rough-necks.

For Ruth Palomaki, kindergarten teacher, a flower to insure her good sense (scents).

To Irene Parsons, supervisor of nurses, this (staff) so she will never be without a staff.

Mary Lou Pascoe, surgical nurse, can use hand lotion to make her a smooth operator.

To Marilyn Patron, secretary, an extra hand for her many tasks.

Theodora Patron, nurse, can use this ice bag to keep her patients' temperatures down.

To Beverly Paull, surgical nurse, a mason jar, so that she can preserve her strength.

Edward Paulson, minister, can use this magnet to attract a large congregation.

To John Pennala, aeronautical engineer, a science fiction magazine to give him ideas for the plane of the future.

For Paul Pepin, history teacher, dye, to make his lessons more colorful.

To Rosemary Peterson, teacher, a package of gum so that she will choose (chews) her words carefully.

Roger Pohlman, engineer, will find these tums (thumbs) come in handy when coming home from Tech on week-ends.

For James Poirier, traveling insurance salesman, this book on insurance to help him explain his company's policy.

John Pontti, teacher, will find this red tie handy in making sure the school team wins.

To Rudolph Quaal, forester, insecticide, to get rid of the fire bugs.

James Quayle, sailor, will need this light bulb so that he can rise and shine on those early mornings.

For James Rajala, construction worker, skis, to give him confidence on the scaffold.

To Stanley Roberts, engineer, a raincoat to use when supervising underwater bridge jobs.

Erna Rundman, stewardess, may need these wings to keep her up in the air.

To Mildred Ruona, housewife, matches to keep the home fires burning.

For Patricia St. Andre, hairdresser, this arsenic to enable her to perform a good dye job.

To Kenneth Salo, conservation officer, this gun to protect the deers from the wolves.

For Charles Sanders, sailor, a key to the treasures in Davy Jones' locker.

For Margaret Smith, secretary to Emily Post, this clay so she will create a favorable impression.

To Suzanne Stansbury, surgical nurse, needle and thread to sew up those loose ends.

For electrical engineer, William Suomi, a cup to hold the currents.

To Gail Swanson, physical therapist, oil to loosen up those stiff joints.

To kindergarten teacher, June Swanson, this rope to keep her pupils in tow.

When the going gets rough for housewife, Joan Tasson, this S. O. S. will help her signal for mother.

For Dominic Tassone, civil engineer, a stake (steak) to mark the location of that bridge across the Straits.

To help factory owner, Joel Tierney, on his way, we give him his first plant (flower plant).

Jeannette Tobie, journalist, will find this net handy in catching the news.

To Elaine Treloar, bookkeeper, a hoe to weed out those errors.

For stenographer, Jean Trewartha, this comic book in case she runs out of characters.

For Marline Tuominen, teacher, this glue to make that education stick.

Policeman, George Uuro, will find a drum handy when pounding the beat.

To Lillian Uuro, practical nurse, bees for the patients who have hives.

For Victor Valenti, Air Force signal man, this semaphore for directing air traffic.

Julie Voelker, social worker, will wear out many shoes, so we will give her a "pear."

To businessman, Henry Vogeler, a jet plane, so Vogeler's will always be swifter than Swift.

Pediatric nurse, Marlene Werner, can give her patients this horn when she is beyond the call of duty.

To Pauline Wesa, nurse, this crane to help her patients get back on their feet.

CONCLUSION

(The bearers put their hats on again, pick up the box, and say):

"We wish this class joy in the years ahead,

And hope this program has not been too dead'."

The End.

HAIL! BEACON LIGHT

Hail! Beacon light of Ishpeming,
Hail, High School 'tis of thee we sing.
'Neath heav'ns high dome of azure blue,
Thou art thyself as firm and true,
Surrounded by the hills so old,
Whose iron hearts are strong and bold.

To thee our people turn with pride,
In thee their love and hope abide;
Thy sons and daughters do thee bless,
Thy teachings mould a life's success.
Then let us haste, and garlands rare
Wreathe 'round our High School ever fair.

Superior's mighty deeps are blue,
And northern skies are that fair hue,
Our color this—it tells of might,
Of love of truth and love of right,
Long life and health and happy hours,
God grant thee, Alma Mater ours.

This special yearbook was prepared by the members of the Annual Board of the High School with the assistance of several graduates for the Alumni section. Data for the various classes was obtained by graduates and through the mail.

The response was very good and nearly all members tried to help in some way. It was not possible to publish all the information provided

by the data sheets due to limited space. Suggestions were numerous but space again limited the use of many excellent ideas.

The information about graduates was taken from the data sheets or from the best available source if no data sheet was received.

MY CREED

Grant me the boon of a life that is useful and earnest; the privilege of honest toil and well-earned rest; large-hearted courage to cheer each faithful soul that strongly strives and wins or fails; kindly word and act for those who grieve; eyes to see the beauties that nature paints on land and sky and sea; ears to hear each music voice of life; senses to comprehend the meaning

of the eternal plan; the confidence and trust of friends, more dear than glittering wealth or laurels rare or soon forgotten praise.

Grant me these, my father's God and mine, and when my summons sounds from out the sunset skies, I'll go with hastening feet and joyous heart to tell Thee my gratitude for life.

—Richard Hardy.

CLASS SONG

A merry band of maidens,
Whose school-days now are done,
We stand before life's portals
Our journey just begun.
In future happy days
May memory oft' revive
Kind thoughts of every member
In the class of ninety-five

The snow white clover blossom,
Which brighten all the green,
We've chosen for our symbol
Tho' fairer ones are seen,
And may its colors teach
The loveliness of truth.
The sweetness of humility,
In joyous days of youth.

Tho' our paths may be diverging,
However wide we roam,
Fond memories let us cherish
For this our first school-home.
Farewell to teachers dear,
To schoolmates, one and all.
We hasten on toward duty
In answer to her call.

May we remembered be;
And as we onward strive
May fond thoughts sometimes follow
The class of ninety-five.
